OS3 Key Facts and Benefits

- Lowers administrative costs through a streamlined acquisition process and simplified contractual terms.
- Ensures compliance with applicable regulations to include the AbilityOne Program, green purchasing requirements, and the Trade Agreement Act and helps agencies meet green acquisition and socioeconomic procurement goals.
- Fosters markets for green technologies and environmentally preferable products.
- Simplifies purchasing data collection, enhances transparency and helps agencies manage expenditures and measure cost-savings.
- Makes buying easier with standardized product descriptions for more efficient comparison shopping as well as point-of-sale compliance for automatic FSSI discounts for purchase card users.
- Provides further price decreases as the collective OS3 purchases grow across the federal government.
