

# THE BROTHER WORKHORSE SERIES OF PRINTERS & MFP's

The Brother Workhorse Series features a full line of color and monochrome printers and MFPs that are designed to help mid- to large-sized businesses optimize workflows, enhance productivity and improve their bottom line. The Brother Workhorse Series is equipped with enterprise security features, state-of-the-art user interfaces, robust paper handling, and in-demand business functionality including scanning directly to e-mail, searchable PDF formats and to editable Microsoft Office documents. These devices deliver fast printing, fastest in class scan speed (MFC-L9570CDW)<sup>1</sup> and include access to popular business cloud services<sup>4</sup> and NFC connectivity<sup>5</sup> to support growing mobile workforces. Flexible and scalable configurations let you choose the right devices for your business.

■ The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.

- o Maximum number of printed pages per month and can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.
